

Landscape Contractor • Water Features, Ponds & Waterfalls

• Rock/Retaining Walls

T & N Enterprise is a licensed and bonded landscape contractor. Family Owned and operated we provide premium landscape contractor services and enjoy creating and installing water features, ponds and waterfalls. With numerous landscape projects completed throughout King County and Pierce County we are proud to offer a very affordable range of landscape contractor services. We bid large and small landscape projects and have a seasoned landscape crew that can design landscape features, customize backyard ponds and waterfalls and professionally design and build any rock or retaining wall.

Let **T & N Enterprise** take care of all your landscaping needs. We do lawn and property maintenance for residential homes or other properties.

T & N Enterprise has all the equipment for any landscaping project no matter the size.

Scheduled Lawn/Grounds Maintenance • Landscape Lighting Designs • Landscaping

We offer scheduled lawn & ground maintenance on a weekly, biweekly or monthly schedule. Seasonal fertilizing, mulching, and lawn aeration are all affordable services that we provide. We are licensed and bonded and are a premier lawn and grounds maintenance company. Our lawn and grounds maintenance client base includes property management companies, investors, retired homeowners, younger professionals and hometown residents.

We can maintain the landscaping you already have or create a beautiful backyard setting or a simple project for you. Landscape lighting

Landscape lighting is a service numerous customers enjoy. Our landscape lighting designs compliment your entire landscape and showcase your beautiful yard or landscape features.

If you have an idea for any type of outdoor project, please trust that we will take care of all your front or backyard landscaping needs. Please call today for an estimate.

Field Mowing • Pasture Grass Cutting • Brush, Bush & Blackberry Cutting/Removal

Tractor Service Field mowing, ditches, trenches, repair gravel drives, clear trees, brush or blackberries. We are able to do many different types of jobs. If your field is overgrown and the grass needs cut or the blackberry bushes are taking over then we can assist you to manage any field grass mowing or blackberry bush cutting and removal needs.
